

# Outpatient Physical Therapy Change

## **Revised effective date**

**GM Hourly Employee's** outpatient physical therapy to be carved out to TheraMatrix, **July, 1 2013**.

**This change applies only to GM Hourly Employees at this time.**

The affected Group is:

- GM UAW Hourly Active with a Group Number of 83200
- and a Group Prefix of GHP, GTP and GMH

Effective **July 1, 2013**, General Motors UAW Hourly Active will expand their outpatient physical therapy (PT) program administered by TheraMatrix. Coverage for outpatient PT services will no longer be provided through the Blue Cross/Blue Shield (BCBS) medical program.

BCBS will continue to administer PT coverage in the Inpatient, Skilled Nursing Facilities and Coordinated Home Care settings. Additionally, BCBS will continue to provide coverage for all occupational therapy and speech therapy in all settings without change.

The above change could cost you money, if you don't use providers who participate with your insurance.

Over the years, other services have been carved out or have had different insurance carriers. Here is a contact list of the various carriers.
